

# Child Abuse Awareness Conference

“Safe-Guarding our Children: Protecting Them from Harm”

Guest Speaker

Dr. A. Terry Morris

Dr. Terry Morris has served as the Combined Federal Campaign (CFC) national spokesperson for two years. He overcame insurmountable odds to become the man he is today. At the age of 13 he was abandoned by his biological parents and left homeless on the unfamiliar streets of Tupelo, Mississippi. He was eventually taken into the foster care system and remained until he completed high school. From these humble beginnings he went on to earn his Ph.D. in system engineering at the University of Virginia. He is currently the Software Manager on NASA's Constellation Program and a devoted philanthropist.
